## BRAKEMAN IS FATALLY HURT

Leland M. Meranda, of Deputy Sheriff King is Kept  
Scottsburg, is Crushed  
Between the Cars.

Train Was Unloading Cinders  
at Falmouth—Attempted to  
Make a Coupling.

About 9:40 o'clock this morning Leland M. Meranda, of Scottsburg, a brakeman on the division of the Pennsylvania lines, which runs through this city, was fatally injured while making a coupling on his train at Falmouth.

The train No. 274, engine 8297, which is the morning south-bound local, was unloading a car load of cinders at a point about one and one-half miles north of Falmouth, and Meranda had gone back to make a coupling at the road crossing. The train had been out in order to allow people to cross the track. As the cars came together, the brakeman stepped into open the angle cock and as he did so he was caught between the draw bars of the cars. His cries attracted the attention of the other trainmen working three car lengths away, and they hastened to his assistance. By the time they reached him he had succeeded in extracting himself from his perilous position and had fallen to the track. He was picked up and carried to the caboose and the train was brought to this city at break-neck speed.

Dr. D. H. Dean was called to the station and after a hasty examination it was found that the man's spinal column, right hip and abdomen were terribly crushed. That portion of the body was very black and the hip was bleeding freely. Meranda, although conscious, suffered terrible pain and his groans were heart rending. He was placed upon a stretcher and carried to Sexton's sanitarium, where he now lies in a dangerous condition. He is still conscious, but Dr. S. Sexton and Dean say that he will die.

Meranda is twenty-one years old and unmarried. He had been in the employ of the Pennsylvania company but four months. His relatives at Scottsburg have been notified of the accident.

## TROUBLES OF THE TRACTION LINE

Indianapolis and Cincinnati  
Company's Cars Run Off  
the Track.

The Indianapolis and Cincinnati Traction company is having its troubles these days. The cars and trams persist in leaving the track and the men are kept busy putting them on. Wednesday both engines hauling the gravel trains were off the track at the same time, one at the gravel pit north of Morristown and at the western end of the line. The engines were reset on the rails, however, with little difficulty. Wednesday night the front trucks of car No. 303, due here at 7 p. m. from Indianapolis ran off the track at the Third and Morgan streets curve and sank deeply into the sand. A car was run to the curve from the car barns on the inside track to see if it could pass the derailed car. The car passed and repassed safely and traffic was not delayed. After two or three hours work the derailed car was raised on jacks and lifted by means of timbers, onto the rails. The accidents, although frequent are delaying traffic but little, and the work of ballasting is proceeding right along.

Iceland is the last country that has fallen under the glance of the wireless experts. There is no method of communication between that country and the rest of the world except by slow mails.

## SEVERAL MORE INDICTMENTS

Deputy Sheriff King is Kept  
Busy Making Returns on  
Warrants Served.

Warrants on indictments returned by the grand jury have been served on the following men: James Geraghty, Earl Beaver and John Beale.

One indictment was returned against James Geraghty, charging that he is a common gambler. He gave bond in the sum of \$50 with Glen Miller as surety.

Ten indictments were returned against Earl Beaver, charging him with selling liquor without a license, selling to minors and running gambling devices. He gave bond in the sum of \$500 with Thomas Beaver as surety.

John Beale was indicted once for being a common gambler and his bond was fixed at \$50. This he gave with P. A. Miller as surety.

Deputy Sheriff King has been kept busy today making returns on the warrants and placing the cases on docket.

## INSTALLATION AND INSPECTION

Ivy Company No. 35, U. R. K. of P.  
is Complimented by Col.  
Phelps.

Last night was one long to be remembered by the members of Ivy Company No. 35 Uniform Rank K. of P., it being their regular inspection of the company. The inspecting officer, Lieut. Col. Chas. Phelps, of New Castle, of the 3d Regt. U. R. made the inspection and complimented the company highly on their proficiency in drill and large muster, there being 23 members of the company present.

The officers mentioned in our last evening's issue were duly installed and the following candidates received the rank: S. R. Wilkinson, Y. T. Carter, Earl White and G. H. Dumas.

Col. Phelps made a short address to the company after which all sat down to a splendid banquet, one of the features of the menu being individual ice cream in the form of a lily, which is the emblem of the rank.

After the conclusion of the banquet the individual members were called upon and gave a short talk.

The meeting closed by the singing of Ivy Company's original song, "A Hole in the Bottom of the Sea," as sung by the company on their return from Louisville last fall.

The "Three Alberts" (Miller, Fleahart and Wagoner), who composed the committee of arrangements were given a vote of thanks, and continued as a regular committee as an appreciation of the splendid manner in which the whole affair had been so well and thoroughly carried out to a finish.

## THE CRIM CASES ARE DISMISSED

Charges Against Gamblers Will  
Not be Tried in Mayor's  
Court.

The cases against George, Charles and William Crim for keeping a gaming room which were preferred by one David Goff sometime ago in Mayor Hall's court and which were continued from time to time, were finally dismissed today by the prosecutor on the grounds that other indictments were pending against them in the circuit court. William and Charles Crim are reported to be missing. The charges in Mayor Hall's court preferred against the men, it is said, were brought by Goff, who was formerly employed by them, and who was discharged, out of revenge for his dismissal.

## SMOKERS ARE BUYING PIPES

The New Cigarette Law is  
Already Having Its Effect  
in Rushville.

The Cigarette Smokers are Gradually Giving up to the Situation.

"Oh, sly cigarette, Oh, sly cigarette, Why did you teach me to love you so—"

The cigarettes smoked in Rushville on and after the first day of May will be cigars, or possibly pipes. On that day, by act of the Sixty-fourth General Assembly of Indiana, the cigarette becomes taboo, a hissing and a reproach, and the man who is found with a deadly coffin nail on his person will be given an opportunity to reimburse the school fund of the State through the medium of the courts of justice.

There has been a marked falling off in the cigarette trade. Some confirmed smokers are getting all they can out of it, and have doubled their usual purchases, but most of them are breaking off the habit. A local dealer said last night:

The price on cigarettes has not been cut down any and I don't know that it will be. We shall probably be able to dispose of the stocks on hand by the time the law is operative. We are not buying any, although some retailers are still taking orders for small quantities.

"Not many of our old cigarette customers are smoking cigars, but a good many are turning to pipes, and this business, which has been poor of late, has picked up wonderfully. The cigarette business in this city is not nearly so large as it was several years ago, and the law will work no special hardship here." "Is there something for you, sir?" he said to a young man who approached the case. "I want to look at the pipes," the newcomer replied.

Tobacco men do not believe that the law will operate long. They say that the trust will appeal a test case to the Supreme court, and they feel confident that the corporation will beat the law on the grounds of unconstitutionality.

## SMALLPOX IN SHELBY COUNTY

Several Cases in Moral Town  
ship Have Been Quarantined  
by Health Officers.

Smallpox has broken out in Shelby county and several cases have been quarantined in the northern part of Moral township by the secretary of the county board of health, Dr. J. B. Stewart. The cases exist only in a mild form, but it is very uncertain as to when it will break forth in a malignant shape.

The cases exist only in a mild form, Rhoads, Davis, McNamara, Showalter, and one other families, all of whom have been afflicted with the disease for some time. It is reported that the children from some of the families continued to attend school after the disease had broken out in the families.

About eight cases exist in the township, with no more than two cases in a family. The epidemic is supposed to have originated from the case of Henry Mohr, who contracted the disease at the World's Fair last fall. It was not known that he was afflicted with the disease for some time after he returned home and a number of people were exposed to the disease before he was confined to his home.

Physicians state that they have succeeded in locating the spring fever germ.

## HABEAS CORPUS PROCEEDINGS

Are Filed Against Henry  
County Sheriff in Case  
of Riley Rhodes.

Habeas corpus proceedings have been filed in the Henry circuit court against Charles M. Christopher, Sheriff of Henry county, for the release of Riley Rhodes, who has been confined in the jail for several months, the first charge against him being arson, for setting fire to Asa Sample's barn at Knightstown, several months ago. The proceedings were filed by Riley's father, Peter Rhodes, of Knightstown, who wants his son released, as there is no reason now for holding him. It was stated that Riley has been feeble minded since he was two years old.

## FATALLY WOUNDS BROTHER-IN-LAW

George Thurston, of Shelbyville,  
is Shot Three Times by  
George Dipple.

George Thurston, an implement dealer of Shelbyville, was seriously, if not fatally shot at the home of his father-in-law, five miles west of that city late yesterday afternoon. Thurston was divorced from his wife about two years ago. She is a daughter of George Dipple, a wealthy farmer living near Shelbyville.

Ever since the divorce, Thurston and the Dipples have been in trouble, which has resulted in a number of quarrels and fist fights. When the divorce was granted the court ordered the only child, a daughter, 12 years old, to divide her time with her parents.

Yesterday being the time for the child to go to Shelbyville to live with her father for six months, Thurston drove to the Smithland school, where the girl got into the buggy, and then he drove to the Dipple home for the child's clothing.

As they approached the house George Dipple, Jr., appeared, and, drawing a revolver, fired three shots at Thurston, all of which took effect. Dipple is under arrest.

## MRS. BUNDY MAY BUY A HOSPITAL

Knightstown Journal.  
Mrs. Ella Bundy, of Spiceland, who recently contracted to keep the orphan children of Henry and Rush counties, is considering buying the hospital belonging to Knightstown and Wayne townships. She has purchased the Kersey Kerk property at Spiceland. Trustee Pritchard was at Spiceland today to see about the matter, and she has it under advisement. The commissioners would probably have bought it if they had not contracted with Mrs. Bundy.

## STARBUCK CASE

New Castle, Ind., March 17.—Judging from the witnesses examined by the grand jury, the famous Starbuck murder mystery is again being probed. Notwithstanding the fact that Haley Gipe is now serving an indeterminate sentence for the murder of Mollie and Beulah Starbuck, it is known that several of the former witnesses who testified during the exciting trial last December were again put through a most rigid examination, and it is believed that this case is about to be reopened.

## NEW RUSSIAN COMMANDER

Gen. Linevitch Succeeds Kuropatkin in Command of  
Broken Army.

It Seems That the Only Refuge  
For Fleeing Army is in the  
Inhospitable Hills.

St. Petersburg, March 17.—It is officially announced that General Kuropatkin will be replaced by General Linevitch as commander-in-chief of the Manchurian army.

St. Petersburg, March 17.—There are unconfirmed reports that the Russians sustained a severe reverse at Tie Pass, involving the abandonment of their remaining artillery, and that the Japanese have cut the railway north of Changtufu, forty miles above Tie Pass.

Tokio, March 17.—The Japanese captured many prisoners at Tie Pass and the Russians destroyed vast stores.

A WANDERING ARMY  
Gen. Kuropatkin Has "No Place to Go But Out."

St. Petersburg, March 17.—With the evacuation of Tie pass the Russian army abandoned the last stronghold in southern Manchuria and definitely turned over the section to the Japanese for the campaign of 1905. At least no other strategy is possible for General Kuropatkin, in view of his scanty supplies of ammunition and stores, the shattered condition of his army and the wide enveloping movements which the Japanese have continued almost without a stop since the Russian defeat at Mukden. Nothing has been heard of the part which General Kanamura's army is taking in these operations, but Generals Nogai and Oku, operating in the low hills of the Tie pass gorge were themselves sufficient to turn the shattered Russian army out of the fortifications which had been prepared with a view to being held by the army after it should have been withdrawn from Mukden.

The Japanese evidently are doing their utmost to accomplish the envelopment of the Russian army which all but succeeded at Mukden, but General Kuropatkin, with the railway for a line of retreat, probably will be able to keep ahead of his pursuers. A constant succession of delaying rear-guard encounters may be expected.

Military men have but the haziest ideas as to where the next stand will be made. Apparently there are no more fortified positions in readiness and the retirement probably will not stop short of Kirin or Kuanchentzy, on the railway line, and if the Japanese press the pursuit the Russians may retire beyond and up the Sungari river, there to await new levies, the mobilization of which will begin immediately in Russia.

The evacuation of Tie pass involves the loss of the coal mines in that vicinity, with the Fushun and Yentai mines gone, is a severe blow. The railway shops at Tie pass and more supplies were sacrificed.

A further mobilization has been determined upon and preparatory orders to the quartermasters, etc., are already being issued, but the extent of the mobilization is not known.

## GLASS PLANT MAY BE CLOSED

Marion, Ind., March 17.—Fred Roew, superintendent of the Fairmount window glass factory, has been arrested by Deputy State Factory Inspector Thomas S. Williamson, charged with having employed boys to work in his factory who were under fourteen years of age. This is one of the first arrests made upon such a charge in Grant county in a number of years, and the outcome of the case is being watched with interest. It is said the Fairmount Window Glass company would have a hard time to operate should it be forced to give up employing boys, and the result of the arrest may mean the closing of the plant.

## FOUND DEAD IN HIS BED

Roy Siders, Well Known and  
Promising Young Man Succumbs to Heart Trouble.

Roy Siders, a well known and popular young man, and an employee of the Jacksonian office, was found dead in bed at his home, No. 223 West Third street, this morning at three o'clock. The young man had been suffering from tuberculosis for some time and Mrs. Susan Siders, his mother, had attended him several times during the night. His death is thought to have been due to heart failure.

The death of this promising young man will be a sad blow to his large circle of friends, who had earnestly hoped for his recovery. He was twenty-three years of age and was a graduate of the local high school.

He was a model son in every respect and too much cannot be said in commendation of his character. His mother, Mrs. Susan Siders and a brother, Mr. Wat Siders, survive him. The funeral will be held Sunday afternoon at 2 o'clock at the Main Street Christian church. Interment at East Hill cemetery.

## JOHN MACK IS ARRESTED

Marshal Craig is Compelled to  
Use Mace to Subdue  
Prisoner.

John Mack was arrested by Marshall Craig on the charge of drunkenness, preferred by his wife, and after considerable difficulty, landed in jail. Mack had been intoxicated for the past three days. Yesterday evening he attempted to smash the furniture at his home and, according to his wife's story, swore he would kill her and the children. Mrs. Mack swore out an affidavit against her husband and Marshal Craig started to hunt him up. The man had left his home, which is located at the corner of Third and Harrison streets and had gone up town. The Marshal found him at the corner of First and Morgan streets, and asked him to accompany him. Mack consented and proceeded peacefully up the street until he learned that he was going to jail. Then he flew into a rage and declared that "no man on earth" could take him to jail. He picked up a large rock and struck at the policeman, but the latter warded off the blow and the two clinched at the alley near Crim's restaurant. The men fought down the alley, rolling on the ground, the marshal using his mace for all it was worth. He was compelled to summon aid, however, and after he was subdued Mack proceeded peacefully to jail. The officer's coat was badly torn in the melee and with the exception of several scratches, he was uninjured. Mack is being held on the charge of resisting arrest and not only this charge of drunkenness, but several old ones.

## WENT PREPARED

Matthews, Ind., March 17.—Miss Louise Lejage received an anonymous note asking for a meeting at her home gate at 8 p. m., as the writer had important information. Miss Lejage kept the appointment, and was approached by a young man, whom she recognized as William Higgins. She inquired his business and was met with an improper suggestion. Miss Lejage had taken the precaution to arm herself with a revolver, and she immediately began shooting, firing six shots without avail, while Higgins rapidly disappeared. He is believed to have escaped unhurt. He left this city at once.

## NEW SQUIRE IS KEPT BUSY

Four Young Colored Ladies  
Plead Guilty to Charges  
Against Them.

Judgement in the Traction Case  
—An Insanity Inquest on  
Bun Fritch.

Squire W. T. Jackson's court has been the scene of busy times this week and several parties have contributed to the county funds. Anna Warfield Maude Overton, Margaret Easley and Maggie Morris, the four young colored ladies, charged with disturbing a religious meeting, were to be tried today, but they settled everything by coming into court and pleading guilty. They were each fined \$5 and costs, amounting in each case to \$16.52. They staid their fines. The girls recently caused a commotion at one of the colored churches by giggling and cutting up while John Moore was praying.

Squire Jackson yesterday tried the case of William H. Meyers, who sued the traction company for wages he claimed were due him for labor performed for the company during the latter part of November and the first of December, 1904. The company claimed to have a receipt for the money. Squire Jackson awarded judgment for \$8 and costs in behalf of Meyers.

U. L. Weeks has brought suit against Margaret Fritch on a note, demanding \$60. The case will be tried on Monday.

In insanity inquest was to have been held today on Bun Fritch and he was to have been brought back to this city for that purpose, but Superintendent Newhouse of the county infirmary was unable to go to Julietta so the matter was postponed until next week.

## EPIDEMIC OF SPOTTED FEVER

People of New York City are  
Alarmed Over Its  
Spread.

New York, March 17.—So dangerous is the epidemic of cerebro-spinal meningitis or "spotted fever" in the poorer sections of the city, that the health department officials are alarmed and say extraordinary steps must be taken to stamp it out. But what handicaps them in their work is the fact, admitted by them, that physicians, while knowing it is a germ disease, do not know now to treat it successfully. Last year there were 1,241 deaths in the city from this disease, and the year before there were only 271. Last week the number of deaths was seventy-eight. The number in the corresponding week last year was only eleven. The health commissioner has asked for an appropriation to employ experts to make an investigation.

## BY THE WAYSIDE

They tell it that a woman was standing on the platform at the Big Four depot yesterday morning when a switching crew and a long cut of cars came past. She was horrified to hear one brakeman call to another: "Jump on her when she comes by, run her down beyond the elevator, cut her in two and send the head end up to the depot." She fled to the agent for protection.

The Secretary of State will have  
 the acts of the legislature ready for  
 distribution by May 1st.

Outside the power to make treaties,  
 Canada will become almost wholly  
 self-governing this year. On July  
 1st the last remnant of British soldiers  
 stationed at Halifax and Esquimaux  
 will be transferred to another part  
 of the world, and their places will be  
 taken by Canadian garrisons.

Vice President Fairbanks will come to  
 Indianapolis the latter part of this  
 month to take intervening degrees in  
 Masonry between the Blue Lodge and  
 the Thirty-second degree. The spring  
 convocation will be held for three  
 days beginning March 21. Vice Presi-  
 dent Fairbanks was initiated into the  
 Masonic order on December 27th.

The law against heavy hauling at  
 this time of the year should be en-  
 forced for the good of the gravel  
 roads. The law forbids the hauling  
 of a load of over 2500 pounds, inclu-  
 ding the weight of the wagon, when  
 the roads are soft. Gravel roads costs  
 too much money to be ruined by heavy  
 hauling in the early spring of the year.

Judge Owen N. Heaton, of the  
 Allen county Superior court, has been  
 formally announced as a candidate for  
 Judge of the Supreme Court of Indi-  
 ana from the Fourth Judicial district.  
 His candidacy was unanimously en-  
 dorsed by the Ft. Wayne bar, party  
 lines being entirely eliminated—a  
 great many Allen county lawyers  
 being Democrats.

A broad future has opened to Japan,  
 the victorious—in fact a Greater Japan  
 has been born and will move into  
 larger international place. The ques-  
 tion is what effect will its army and  
 navy successes have upon its future  
 biazing and policy? Fortunately  
 our intercourse with Japan has always  
 been friendly, and both countries sup-  
 port the policy of the open door, con-  
 sequently Japan and the United States  
 will be friendly powers, with common  
 commercial interests in the far East.

**LOYAL TO FRIENDS**  
 Governor Hanly Shows That He Does  
 Not Forget.

Indianapolis, March 17.—Williams-  
 port has been brought nearer the cen-  
 ter of the public limelight than ever  
 before by the action of Governor Han-  
 ly in appointing C. B. McAdams as a  
 member of the railway commission  
 and Fred Gemmer as his private sec-  
 retary. McAdams owes his appoint-  
 ment to the personal friendship of  
 Governor Hanly, which has existed for  
 a quarter of a century. Hanly got his  
 start from a ditcher to lawyer and  
 politician at Williamsport, and Mc-  
 Adams was one of his earliest asso-  
 ciates. He is said to be a lawyer of  
 considerable ability. The governor  
 evidently has a high regard for him,  
 as he had him here the last week of  
 the legislature helping him pass on  
 bills. McAdams was not an applicant  
 for the position to which he was ap-  
 pointed. To further show that he has  
 not forgotten the home of his early  
 trials and triumphs, Governor Hanly  
 has appointed Frederick L. Gemmer  
 of Williamsport as his private sec-  
 retary. Gemmer is cashier of a bank  
 at Williamsport and has been chair-  
 man of the Warren county Republican  
 committee.

Now that the railway commission is  
 announced the party leaders, and es-  
 pecially those who were interested in  
 the commission bill, are making their  
 measure of the governor's appoint-  
 ments. Apparently he is well pleased,  
 for relative to them he said that none  
 of the appointees had applied for the  
 position, although some of Wood's  
 friends had pushed his claims. "By  
 their appointment," said he, "I hope  
 to establish the commission on a basis  
 that will compel the respect of all." All  
 of the members are attorneys. They  
 will hold a meeting here within a  
 few days at which the commission  
 will be organized. Governor Hanly  
 said he will leave the appointment of  
 the secretary and clerk of the com-  
 mission and clerk of the commission to  
 the members. Wood was appointed

to the long term, but the terms of Hunt  
 and McAdams will expire before the  
 governor's term ends, so he can re-  
 appoint them. Hunt, who was former-  
 ly secretary of state, is well known  
 politically, but the other two members  
 are almost strangers to the public.

Colonel "Billy" Huffman, statehouse  
 custodian, as expected, will have to  
 walk the plank. His term expires  
 April 11, when O. A. Baker of Shoals  
 will succeed him. Baker's appoint-  
 ment is due to his unswerving allegi-  
 ance to Governor Hanly. When the  
 latter was a candidate for United  
 States senator several years ago  
 Baker was a member of the house and  
 he stood by Hanly till the last gun was  
 fired. He was one of his boomers last  
 year and the governor rewarded him  
 for his devotion. Colonel Huffman  
 was also an original Hanly man, but  
 the governor thought the places should  
 be handed around as far as possible.  
 The appointment of Baker is in line  
 with Governor Hanly's ideas of re-  
 warding his real friends. The people  
 about the statehouse, however, hate  
 to see Huffman go, as he was a com-  
 petent and obliging custodian.

The appointment of Union Banner  
 Hunt of Winchester, as a member of  
 the state railway commission has  
 raised an interesting question among  
 the party leaders of whether or not  
 he will now become a candidate for  
 governor in 1908. It is known that he  
 is ambitious to become chief executive  
 and has had lots of encouragement  
 but at the same time many believe  
 the appointment will put him in an  
 embarrassing position if he desires  
 to become a candidate. Others, how-  
 ever, don't think it will be any bar to  
 him.

**Hunt, McAdams and Wood the First  
 Members of the New Railway  
 Commission.**

Indianapolis, March 17.—The first  
 shake of the plum tree at Governor  
 Hanly's office resulted in the following  
 appointments:

To be members of the railway com-  
 mission—Union Banner Hunt of Win-  
 chester; C. B. McAdams, Williams-  
 port, Republicans; William J. Wood,  
 Evansville, Democrat.

Private secretary to the governor—  
 Frederick L. Gemmer, Williamsport.

Judge new Sixty-first district con-  
 sisting of Jackson and Scott counties,  
 John M. Lewis, Seymour; prosecutor  
 same district, Sanford Murphy, Scotts-  
 burg.

Morton monument commission—D.  
 R. Lucas, E. B. Martindale, H. C.  
 Adams, Indianapolis; J. I. Irwin, Col-  
 umbus; Warren King, Greenfield.

Statehouse custodian—O. A. Baker,  
 Shoals.

Member state board medical regis-  
 tration—Dr. J. E. P. Holland, Bloom-  
 ington, osteopath.

The governor has about thirty more  
 positions to fill, including the various  
 commissions and state institutional  
 boards. He said he will try to get  
 through with his appointments this  
 week. It was noticeable today that  
 the army of callers at the governor's  
 office was not so large as yesterday.  
 As soon as all the appointments are  
 announced conditions will become nor-  
 mal.

**COLLEGE SWINDLER CONVICTED**

**W. J. Hughes, Alias Wm. A. Arnold,  
 Now Serving Time.**

Crawfordsville, Ind., March 17.—W.  
 J. Hughes, alias William A. Arnold, the  
 college swindler, who was trapped here  
 a few weeks ago by President Kane  
 of Wabash college while trying to pass  
 a bogus check, has confessed and is  
 now serving a term in the Ohio prison.

This is the word received by Dr.  
 Kane from the college authorities at  
 Athens, Ohio, where Hughes was sent  
 for trial. His "graft" was to matricu-  
 late as a ministerial student, posing as  
 the son of a minister, and to negotiate  
 bogus checks in payment for college  
 bills. Upon receiving the balance  
 Hughes would strike out for pastures  
 new. So plausible was his graft that  
 he had no trouble in working it. De-  
 pauw and other institutions in Indiana  
 were taken in, and during his impris-  
 onment at Athens, Ohio, he was iden-  
 tified by college representatives from  
 Delaware, Ada, Wooster and Lebanon  
 as the perpetrator of the same swindle  
 at their respective institutions.

He operated at Athens under the  
 name of J. A. Dean, and clung to that  
 alias until a letter came addressed to  
 W. J. Hughes, in care of the sheriff.  
 Curiosity got the better of him and he  
 wilted, admitting his identity. The  
 letter proved to be a dun for house  
 rent in Detroit, Mich. When arraigned  
 for trial Hughes pleaded guilty and was  
 sentenced for two years. The De-  
 pauw authorities expect to handle him  
 for his game there as soon as his pres-  
 ent sentence expires.

**At Least, That Is the Agreement on

**It Is Intimated, However, That This

Denver, Col., March 17.—James H.  
 Peabody has won his contest for the  
 office of governor from which he re-  
 tired on Jan. 10 after serving a term  
 of two years, but his victory was  
 achieved only after he had given his  
 pledge to resign and surrender the  
 chair to Lieutenant Governor Jesse F.  
 McDonald.

The vote in joint convention of the  
 general assembly by which Governor  
 Alva Adams was ousted and Governor  
 J. H. Peabody installed was 51 to 41.  
 Ten Republicans voted with the Dem-  
 ocratic members for Adams.

It was more in the nature of a party  
 than a personal triumph, for both Pea-  
 body and McDonald are Republicans,  
 and Adams is a Democrat. Although  
 the Republican majority on joint bal-  
 lot is 35, the membership of the legis-  
 lature being 66 Republicans and 31  
 Democrats, it had been found impos-  
 sible to gain for Peabody enough Repub-  
 lican votes to reinstate him as gov-  
 ernor for the remainder of the term en-  
 ding in January, 1907. Twenty-two Re-  
 publican members of the general as-  
 sembly, according to report, refused to  
 be bound by any action in caucus on  
 the contest, and entered into a com-  
 pact not to vote for Peabody. A ma-  
 jority of them, however, were in favor  
 of seating the lieutenant governor in  
 the governor's chair if means could  
 be found to do so legally. Finally the  
 leaders of the opposing Republican fac-  
 tions arranged a compromise by which  
 Peabody would be vindicated by being  
 declared elected and McDonald would  
 be made governor. At the conference  
 at which the bargain was made,  
 pledges were given to the independent  
 Republicans by the heads of four large  
 corporations who had been active sup-  
 porters of Peabody that he would re-  
 tire after being seated and permit the  
 lieutenant governor to take the office  
 of governor.

Governor Peabody's resignation, it  
 is said, has been placed in the hands  
 of W. S. Boynton and will be filed by  
 him with the secretary of state today.

Governor Adams surrendered his of-  
 fice to Governor Peabody about 6  
 o'clock last evening. Scores of letters,  
 telegrams and telephone messages had  
 reached the executive chamber during  
 the day urging Governor Adams to  
 hold his seat by force, but he decided  
 to ignore this advice. In conversation  
 he said he felt outraged at the action  
 of the general assembly and expressed  
 surprise that Mr. Peabody should be-  
 come a party to what he termed a con-  
 spiracy to secure the office of governor  
 for a man who had no claim whatever  
 to the place.

Jesse F. McDonald, who is slated to  
 become governor, was born in Ashta-  
 bula, Ohio, in 1858. He came to Col-  
 orado in 1879 and was extensive min-  
 ing interests in Leadville and else-  
 where.

Standing on the portico of Governor  
 Peabody's residence last night while  
 a band played and a chorus of voices  
 shouted congratulations to the gov-  
 ernor, D. B. Fairley, chairman of the  
 Republican state committee, engaged  
 in conversation with a reporter.

"Will Peabody resign?"  
 "I think not," was the reply.  
 "Has he signed a resignation?"  
 "A tentative one; yes."  
 "What will be done with it?"  
 "Nothing," answered the chairman.  
 "Was this a part of the plan to seat  
 him?" the reporter asked.  
 "I believe so," responded Mr. Fair-  
 ley.

**Missionary in Danger.**

Victoria, B. C., March 17.—The  
 steamer Aorangi brings details of a  
 savage attack on a priest in the Solom-  
 on Islands. Father Chatelot landed  
 at Longpoo. The assembled blacks  
 attacked his party and they were in  
 great danger of being massacred. Af-  
 ter a fierce fight, in which several of  
 the natives were killed, the priest and  
 his friends escaped. The native com-  
 missioner at Gizo sent a punitive ex-  
 pedition against the natives and ar-  
 rested their chiefs.

**Notorious Bandit Slain.**

Balonica, European Turkey, March  
 17.—The report that Apostel, the no-  
 torious Bulgarian leader, has been  
 killed is confirmed. A sharp engage-  
 ment took place Wednesday between  
 500 Turkish infantry and cavalry and  
 a strong band of Bulgarians at the vil-  
 lage of Snaolan near Ghevryell. The  
 Bulgarians were defeated with the loss  
 of forty-two killed, including Apostel.  
 The Turks lost three men killed and  
 had eight wounded.

Don Manuel Estrada Cabrera has  
 assumed the presidency of Guatemala  
 for a second term.

Various reports giving the alleged  
 terms on which Russia has obtained a  
 loan through the French syndicate are  
 current in London.

**TICKLISH POSITION**  
 Kuropatkin May Yet Have to Flee to  
 the Mountains.

Santoupu, March 17.—The Russian  
 detachments at Tie Pass were on  
 March 15 ordered to evacuate their  
 positions and during the night re-  
 tired in exemplary order, covering  
 their rear. There had been fighting  
 throughout the day. Before the with-  
 drawal of the Russian forces the mili-  
 tary settlement and such of the stores  
 of fuel and forage as could not be re-  
 moved were set afire and destroyed.  
 The fighting on March 14 and 15 fell  
 to the Second Siberian corps.

General Kuropatkin and the re-  
 mainants of the army which was defeated  
 by the Japanese on the Shakhe and  
 Hun rivers and again around Mukden  
 and Tie Pass, are now in the moun-  
 tains a few miles north of the southern  
 entrance to the pass, trying to shake  
 off their pursuers, who apparently are  
 not going to repeat the mistake of Liao  
 Yang and allow the Russian army to  
 escape. Kuropatkin has been rein-  
 forced by the garrisons of Tieling and  
 other northern towns and a few new  
 troops who were on their way from  
 Russia when the battle of Mukden be-  
 gan. But even with these there seems  
 little hope for him. True, he has some  
 thirty or forty miles of hilly country,  
 extending from Tie Pass to Fenghuat-  
 sien, which might enable him to hold  
 off the enemy for a time, but once out  
 of the hills he has before him nearly  
 300 miles of flat, open country and in-  
 numerable rivers and streams to cross.  
 This is what is termed the great valley  
 of the Sungari, but it is in fact an  
 immense plain, bounded on the east by  
 high mountains and extending  
 northward into Siberia and westward  
 into Mongolia, so that if Kuropatkin  
 escapes from Oyama at Tie Pass he  
 has a good country to cross at the most  
 favorable season of the year. Another  
 few weeks and the roads would be im-  
 passable. But if he is hard pressed  
 there is not a defensible position, un-  
 less he abandons the railway and  
 seeks safety in the eastern hills.

**The View in Poland.**  
 Warsaw, March 17.—One of the  
 highest officials in Poland, in the  
 course of conversation today said: "It  
 is all very well to talk of continuing  
 the war; but with no leader, no gen-  
 erals, no soldiers, no guns and the  
 theater of war so far away, we are un-  
 able to transport troops quickly and  
 the war now appears to be ended. It  
 is true we have soldiers in the empire,  
 but it is impossible to withdraw them  
 from central and southern Russia to  
 Manchuria while the disturbances con-  
 tinue. All is quiet in Poland now, but  
 let orders for mobilization be given  
 and we will have a revolution."

**Harbin Filling Up.**  
 Harbin, March 17.—Large numbers  
 of Chinese bandits and Chinese troops  
 are reported to be west of Tsitsihar  
 and an attack on the railroad is ap-  
 prehended. In spite of the heavy  
 withdrawals of convalescents and  
 those who have been sent westward,  
 this city is being filled to overflowing  
 with wounded soldiers from Mukden.

**Terrorists Make Threats.**  
 St. Petersburg, March 17.—Consi-  
 derable alarm has been caused here  
 and at Moscow by the receipt of anony-  
 mous letters announcing the intention  
 to blow up public buildings. The  
 threat as to Moscow applied particu-  
 larly to the depots of army stores des-  
 tined for Manchuria.

**Mothers Elect Officers.**  
 Washington, March 17.—The nation-  
 al congress of mothers elected the fol-  
 lowing officers for the ensuing year:  
 President, Mrs. Frederick Schoff, Phil-  
 adelphia; vice presidents, Mrs. D. O.  
 Mears, Albany, N. Y.; Mrs. W. W.  
 Murphy, Los Angeles; Mrs. R. R. Cot-  
 ten, Bruce, N. C.; corresponding sec-  
 retary, Mrs. E. C. Grice, Philadelphia;  
 recording secretary, Mrs. J. P. Bronk,  
 Bridgeport, Conn.; treasurer, Mrs.  
 Louis K. Gillson, Wilmette, Ill.; audi-  
 tor, Mrs. Roger B. McMullin, Evans-  
 ton, Ill. All the elections are unani-  
 mous.

**A Stirring Appeal.**

Paris, March 17.—Father Gapon, the  
 leader of the St. Petersburg workmen  
 in the demonstration of Jan. 22, who  
 is still in hiding in France, has issued  
 another stirring appeal to the Russian  
 peasantry, calling on them to follow  
 the directions of the revolutionary  
 committee, forgetting all  
 differences of religion and race, and  
 rise as one man, armed for a general  
 insurrection against czarism.

**Breaking Up Pool Betting.**

New York, March 17.—Eleven men,  
 sixteen telephones, a switchboard and  
 a great amount of racing parapherna-  
 lia were taken in a raid on an alleged  
 poolroom exchange in the Bowery.  
 The police say that in cleaning out the  
 room they have broken up for the time  
 being the center from which racing  
 information has been disseminated to  
 the poolrooms in the lower section of  
 the city.

**TERSE TELEGRAMS**

There is a possibility of Russia  
 evacuating Vladivostok and concen-  
 trating its garrisons at Harbin.

The Colorado legislature seated Gov-  
 ernor Peabody only on his pledge that  
 he would resign in favor of Lieutenant  
 Governor McDonald.

An unconfirmed report from St.  
 Petersburg states that General Kuro-  
 patkin will retreat, not to Harbin, but  
 to Kirwin and Vladivostok.

Postmaster General Cortelyou has  
 selected P. V. Degraw for the vacancy  
 caused by the resignation of Fourth  
 Assistant Joseph L. Bristow.

### NOT A PATENT MEDICINE

Hyomei, the Guaranteed Catarrh Cure,  
Prescribed By Physicians.

No one should confound Hyomei with  
the patent medicines that are advertised  
to cure catarrh. It is far superior to  
them all as the diamond is more valu-  
able than cheap glass. Their composi-  
tion is secret, but Hyomei gives its formu-  
la to all reputable physicians.

Its base is the valuable eucalyptus oil,  
famous for its antiseptic qualities. This  
is combined with aromatic and  
healing gums and balsams, making a  
pure liquid, which, when used in the  
Hyomei pocket inhaler, fills the air you  
breathe with germ-killing, disease-de-  
stroying and healing powers that kills  
all catarrhal germs there may be in the  
throat, nose and lungs.

How foolish it is to try to cure catarrh  
by swallowing tablets or liquids. The  
only natural way to cure this disease  
and all other diseases of the respiratory  
organs, is to breathe Hyomei.

This treatment has been so successful,  
curing 99 per cent of all who have used  
it, that Hyomei is now sold by Johnson's  
Drug store under an absolute guaran-  
tee to refund the money if it does not  
cure. You run no risk whatever, in  
buying Hyomei. If it did not possess  
unusual powers to cure, it could not be  
sold upon this plan.

The complete Hyomei outfit costs  
\$1.00 and comprises an inhaler, a bottle  
of Hyomei and a dropper. The inhaler  
will last a lifetime; and additional bot-  
tles of Hyomei can be obtained for 50  
cents.

one shown here, because of its general  
becomingness and suitability. The blouse,  
which may be in either of two lengths,  
is laid in broad box plaits in both front  
and back. The sleeve is a very pretty  
new style, with fullness in the lower edge  
of sleeve taken up in small box plaits.  
The skirt is also box plaited and is an ex-  
cellent model for a separate skirt to be  
worn in shirt waist or suspender style.  
The blouse may be trimmed in any pre-  
ferred manner, although the machine  
stitching gives a pleasing finish. Blue  
serge is one of the best and most service-  
able materials for such a dress, although  
it may be charmingly developed in pique,  
madras, gingham or any wash material.  
Pattern No. 4388.  
Sizes: 5 to 14 years.

## GRANDFATHER'S BAROMETER

(B. L. Putnam in Scientific American)

III.

By observing the actions of animals  
and birds and nature's phenomena,  
our grandfathers were able to foretell  
the weather more accurately than the  
Rev. Irl Hicks:

Animal life seems, according to the  
popular notion, to have peculiar warn-  
ings regarding the weather changes.  
Some of these are explainable by  
natural causes. It is a fact recognized  
by all intelligent stockmen that cattle  
have an intimation of an approaching  
storm some hours before it is visible  
to the human eye. There is a certain  
restlessness which the cowboy has  
learned to interpret at once. When you  
see a pig pasturing in the field  
build for itself a nest you may look  
for a storm. Chickens take extra  
pains in oiling their feathers just be-  
fore a rain. Pea fowls send forth  
their shrill cries as a warning, and  
when the quail cries "more wet" from  
the meadow, the farmer works briskly  
to get his hay under shelter. If the  
chickweed and scarlet pimpernel ex-  
pand their tiny petals, rain need not  
be expected for a few hours. Bees  
work with redoubled energy just be-  
fore a rain. If the flies are unusually  
persistent either in the house or around  
stock there is rain in the air. The  
cricket sings at the approach of cold  
weather. Squirrels store a large sup-  
ply of nuts, the husks of corn are un-  
usually thick, and the buds of a de-  
ciduous trees have a firmer protecting  
coat if a severe winter is at hand. If  
the poplar or quaking aspen leaves turn  
up the under side rain will soon fol-  
low.

If the fog rises in the morning, it is  
a sign of rain; if it settles, a clear  
day may be expected. Watch the  
smallest cloud you can see. If it in-  
creases in size it is going to rain; if  
it melts away and vanishes completely,  
fair weather will follow.  
If the camphor bottle becomes roily  
it is going to storm. When it clears,  
settled weather may be expected. This  
idea has seemingly been utilized in  
the manufacture of some of our  
cheaper barometers. The main trouble  
is, they seldom foretell the change  
until the time it arrives.  
Last, but not least, the rheumatic  
can always tell it "in their bones"  
when a storm is approaching, and to  
this prognostication the octogenarian  
of today is as firm an advocate as  
were his forefathers.

Small to greater matters must give  
way.—Shakespeare.

### HORSE NOTS

The noted race horse and stallion Geo. W. Lederer, owned by S. Hilligoss & Son, begins his service at Riverside park Monday, and will be managed by Fred Hilligoss.

(Western Horseman.)

Dick Wilson has bought the two-year-old filly by Patchen Boy, 2:10½, dam by Baron Posey, of Tobe Johnson, Rushville, Ind. This filly is a trotter and can step fast.

Dr. C. B. Ainsworth, Greensburg, Ind., recently had the misfortune to lose by death the splendid trotting stallion, Dorreldo 36365, by Frank L., 2:14½, dam Belle Easton, 2:22½.

Mike Kelley, of Rushville, Ind., has bought a very promising three-year-old colt by Patchen Boy, 2:10½, out of a full sister of Joe Jefferson, 2:30, of John S. Hilligoss, Homer, Ind. This youngster is a great trotting colt, and has shown very fast.

Windhorst, 2:17½, by Redwood, son of Anteo, owned at Piqua, O., has been sent to Harrie Jones, Rushville, Ind., to be prepared for 1905. This horse showed a mile in 2:12½, a half in 1:03½, over a half-mile track last season. A full brother to Fantine, 2:06½, has also been added to Harrie's stable.

The successful trainer and driver, R. E. Homer, for many years located at Knightstown, is now a resident of Indianapolis. He will train a public stable at the track here this season, and has several good horses in view. He is a very capable horseman and trainer, and will no doubt succeed in getting together a good stable.

Dick Wilson will train the Sherman stable of trotters and pacers at the Readville, Mass., track, and he writes that he will not have the stable ready for the west end of the Grand Circuit. This will be cheering news to owners of fast green pacers, as this eliminates the sensational young mare, Her Grace, from all of the west end big pacing stakes.

### SOCIETY NEWS

The Sparks-Denning Bowling club meets tonight.

The K. of C.'s will have a dance tonight at their club rooms over the postoffice.

Mr. and Mrs. Lincoln Guffin enjoyed a taffy-pulling at Mr. and Mrs. Orlan Meyers, in Noble township, last Thursday.

Albert Capp and Willie Winship will entertain tonight at a dance and party at the Winship home on North Main street.

The following executive committee has been appointed for the Oratorio Society: B. F. Miller, Ernest Thomas, Dr. McElanahan and Mrs. Rich Wilson.

Everyone is invited to attend a social given next Saturday evening at the Falmouth hall for the benefit of the colored K. of P. lodge. Admission 10 cents.

Fourteen couples of young people went over the traction line to Sampson's camp last night to a taffy-pulling. Roast chicken was also served and the crowd report a very pleasant evening.

Mrs. Robert Tompkins entertained the Grand club yesterday afternoon at her home on East First street. The prize was awarded to Mrs. Blanche Abercrombie. An elegant luncheon was served in two courses.

Paul Harris entertained about six couples of his young friends at a taffy-pulling given last night at his home, northeast of town. The crowd stayed over night and returned this morning to their school work. They all report a great time.

An old fashioned house-warming was given yesterday at the home of Mr. and Mrs. Harvey D. Allen, on North Willow street. Those who took part in the enjoyment were: Mrs. Mary Dixon, Mrs. Donahue, Frank Dixon, Mr. and Mrs. Charles Maunz and family, Mr. and Mrs. Alvan Moor and son Francis, and Judge and Mrs. Douglas Morris and daughter Hannah. The guests brought with them an elegant turkey dinner which was served the old time one course fashion. They also followed out the example of our grandparents and stayed to supper, spending a most enjoyable afternoon and evening. It was a family dinner, but the circle was broken by the absence of two dear members, one who is attending school in a neighboring city, and the other, who is far out in the wild West, and sends this short remembrance to her dear ones to be read at the family gathering:

Dear one and all,  
Both great and small,  
Eat long and hard,  
Don't grieve for your pard.  
Meet Alvan's chaff  
With a good laugh.  
I love to be a Mormon,  
But I'd rather be a gourmand.  
So here's to the crowd,  
Let 'em talk long and loud.

### BASE BALL

Thomas Feigert, of Connersville, who raised such a disturbance here on the Sunday afternoon that the Connersville ballteam came over here, has been fined for fighting at Connersville. It seems that the young gentleman is rather a troublesome character.

"Babe" Conklin, who captained the Greensburg Reds last season, has been engaged to coach the DePauw College baseball team this season. "Babe" is an old DePauw player.

Franklin Star: The Shelbyville baseball team has been reorganized for the coming season with Frank Gray as manager, and Mr. Gray has written to secure a series of games with the Franklin club during April. No movement has as yet been started to reorganize the Franklin team and if ex-Captain Dugan is persuaded to cast his lot with the college nine during the season of 1905, it is thought that all local interest will be centered in the college team and no effort will be made to resurrect the city club of last year. The Shelbyville team will play Sunday ball only during the coming season, with the exception of a few early week-day games.
